

- Powerful 500 Watt, 230v motor.
- 180mm continuous rim diamond blade.
- Table tilts & locks up to 45 degrees for bevel cutting.
- Max. depth of cut - 33mm at 90°, 24mm at 45°.
- Adjustable blade guard.
- Chrome plated table top with recessed measuring scale for precise straight cutting.

Well suited to both domestic and light trade use, the Clarke ETC180 electric tile cutter is ideal for the fast, accurate cutting of ceramic tiles, quarry tiles, slates and stones. The diamond rim cutting wheel makes short work of most ceramics and an enclosed water reservoir minimises dust levels & lubricates the blade. The tabletop includes a recessed measuring scale for precise, straight cutting.
